Barrick Street changes name

Shareholders of **Barrick Street Investments Ltd (BST)** have approved the change of name and ticker to **ECP Emerging Growth Ltd (ECP)** via a special resolution. The LIC began trading under the new ticker on 28 November. Then name change better aligns the LIC with its Investment Manager, ECP Asset Management, and the investment mandate that targets a high-conviction portfolio of quality domestic listed small and mid-cap companies.

ECP Asset Management has also announced that it has entered into a strategic partnership with Copia Investment Partners. This will provide the Manager with sales distribution and marketing support to grow its retail footprint. The Investment Manager also manages **Flagship Investments Ltd (FSI)** and **Global Masters Fund Ltd (GFL)**. ECP is a relatively small LIC with approximately \$24m of assets under management. Due to this, there is limited trading liquidity on the market which has contributed to the consistent large discount that the LIC has been trading at. As at 31 October 2019 we calculate that ECP was trading at a 27.3% discount to the pre-tax NTA.

NAOS refinances via unsecured wholesale note

NAOS Small Cap Opportunities Company Ltd (NSC) has announced that it has completed a \$27m bookbuild to refinance the \$26.5m of Contango Convertible Notes (NSCG). NAOS intends to redeem NSCG early on 17 December (105 days early). Holders will receive the full half-yearly coupon of \$2.75. The new 5 year notes are unsecured, unsubordinated and will not be rated by any rating agency. The 4.95% p.a. coupon is payable half-yearly in arrears. NSC will have a right to redeem early.

The offer was only open to eligible professional and sophisticated investors. No prospectus or other disclosure documents in relation to the wholesale notes were lodged with ASIC or any other regulatory authority. The wholesale notes will not be quoted on ASX.

Sale of Cordish Private Equity Funds?

On 15 October **Cordish Dixon Private Equity Fund I (CD1)** and **Cordish Dixon Private Equity Fund II (CD2)** announced that the Responsible Entity for both LITs, Walsh & Co Investments Ltd, had entered into a sale agreement. Both proposed sales were to an entity controlled by Whitehorse Liquidity Partners, Inc. However, the proposed sale price for each LIT was below the last reported NTA value which promptly led to over 90% of unitholders voting against each proposal.

CD1's estimated net proceeds of \$1.66 per unit compared against the after-tax NTA of \$1.93 as at 31 October. A 14% discount.

CD2's estimated net proceeds of \$1.97 per unit compared against the after-tax NTA of \$2.21 as at 31 October. An 11% discount and also below the unit price of \$2.00 as at the date of the announcement.

We note that there will be additional transaction costs associated with the wind-up of the proposed sale which would reduce the price from the NTA. The sale price agreed upon by the Responsible Entity would also raise the question whether the fair value of the private equity is to be revalued down.

Bell Potter's Indicative NTA tracks the 'indicative' movement of a LICs underlying NTA each month by monitoring the percentage movements of the disclosed holdings, and using an index to track the movement of the remaining positions. We have also included an adjusted indicative NTA[^] and adjusted discount[^], which removes the LIC distribution from the ex-dividend date until the receipt of the new NTA post the payment date.

LISTED INVESTMENT COMPANIES INDICATIVE NTA.

William Gormly
wgormly@bellpotter.com.au

BELL POTTER

The effective impact on the share price if the premium or discount were to normalise to the historical averages. The Bell Potter's Indicative NTA is not without error, and to be used as a guide only. As such we have included the average error (average monthly NTA less indicative NTA), average absolute error (average monthly NTA less indicative NTA on an absolute basis), and the range of minimum and maximum errors.

LISTED INVESTMENT COMPANIES INDICATIVE NTA.

William Gormly
wgormly@bellpotter.com.au

BELL POTTER

A number of LICs under our coverage currently have options outstanding. Options dilute the NTA when exercised and therefore have an impact on the Premium or Discount on a look through basis.

BELL POTTER

Chart 1: 3 Year Pre-Tax Performance v Standard Deviation

Source: IRESS, Bell Potter Estimates

Measurement of a LIC's performance is calculated after all operating expenses, provision and payment of both income and realised capital gains tax and the reinvestment of dividends, and do not incorporate franking.
